The fire/ice show was awesome.
I've NEVER been to a party
where a child never walked
away from the entertainment, but it happened here!
No one moved from toddlers to 16 year old!
John was great. The kids absolutely
LOVED it and so did the Adults!
I had a mad science party last year
but I think John did an even better job.

Sincerely, Karen Hampton

PS- Sorry for the delay in this response,
I had misplaced the envelope.
