What some of our schools have said about Mad Science

"The children have thoroughly enjoyed the club... and the teachers have been fantastic. It was a pleasure working with you and your organization. You certainly made my job easier!"

- Pearson's Corner Elementary

"We found the Mad Science classes to be of high quality, and the overall program to be well organized and responsive to our needs."

- Mary Munford Elementary

"The children were always excited to participate in Mad Science. The parents loved having an after-school program – especially with all the hands-on experiments!"

- Marguerite Christian Elementary

And some parents

"We always struggle to get our son up and off to school – expect on Mad Science day! He can't wait to go to school!"

"My kids LOVE this stuff!"

"My daughter was always so excited to tell us about what she learned that day and to show us what she made."
