Dear Shauna,

On behalf of the Children's Department, I would like to thank you for the entertaining and informative program entitled "Up, Up and Away," which you presented at the Levittown Public Library on November 11, 2005. The children really enjoyed the smoke machine, the Hovercraft ride and learned so much about air. Your marvelous rapport with the children greatly added to the overall enjoyment of the show. You definitely have a talent for keeping your audience interested. Thank you for helping to make our Veteran's Day program a great success.

Thank you again for the wonderful job you did.

Happy holidays!

Sincerely,

Frances J. Contonzo  
Children's Librarian
