

I had searched for an interesting B-Day party experience for my son all summer and could find nothing I was satisfied w/ until I came across Mad Science. The arrangements were easy and I appreciated the confirmation a few days in advance. It was great to have it in my own house, too!

Everything went as planned. The children had a blast! There were smiles and cheers the whole time. Everyone from the 4 year old to the 2 ten year olds had a great time. They loved the goo and the rocket launching was a hit. My son couldn't stop talking about how much fun he had.

The presenter, William, was wonderful. He was energetic, engaging and knowledgeable. I couldn't have asked for more. The parents who stayed for the party were excited and impressed.

Thank you for helping to make my son's party such a great success!

Sincerely,

Catherine Advocate-Ross
