

Shaina was Wonderful!!

despite having so many adults
there + their conversations - she kept
all 12-15 kids focused!

They were so interested & participating
from the 3 yr old to the 11 yr old!

Even the adults wanted to
make good!

I will most certainly recommend
you - from my 1st phone call to
book Mad-Science to the delivery of
the birthday party - It was
Beyond my expectations!
