*Dear Ms. Alfieri,*

*You had the best workshop out of all of them. They might cancel this trip next year! ☹️ I learned the most in this workshop and this workshop I was the most interested in.*

*What will the kids do if they want to be interested and learn in a fun way? Remember we came on May 4<sup>th</sup>. This trip was one of the best trips ever!*

*I also learned a lot on this trip. I learned that water does not affect birds oil does. I figured 3 weeks later when our pool was ready to swim in and it was 87 degrees Fahrenheit birds were diving into our pool. My mom and I were amazed! 😊 Then I remembered your workshop and I told my mom what you told our class. Tell B.O.C.E.S. not to cancel this trip next year for the forth Graders. 😊*

*Sincerely,*

*Desta Kopp*
