SUMMER CAMPS full of fun for ages 5-12

Back by popular demand!

NASA: Journey into Outer Space!

Mad Science and NASA have teamed up to bring you the excitement and wonder of space in the NASA Academy of Future Space Explorers! Developed in cooperation with NASA, this program takes children on a voyage of discovery where they will explore Space Phenomena; unlock the Mystery of meteors; search for alien life, and discover the stars! Join the Space shuttle tech crew as you become a rocket scientist!

New Camps!

Mad Scientist's Workshop

Come inside and see what spectacular solutions the Mad Scientist has been whipping up! Experiment with some crazy chemistry, learn about exothermic reactions and create crystals. Have a cool time with dry ice, make an oozing batch of gooey slime, and see what pops up in our explosions lab.

Go Green!

It's good to be green! Heat up a tasty snack using solar energy. Make your own inertia toy and paper with recycled materials. Investigate the wiggly worms and crawling bugs that help make green gardening possible. Go on a nature scavenger hunt!

SUMMER CAMP full of fun for ages 3-5

Little Scientists Preschool Lab

Experience fun, touchy-feely experiments in this week-long lab. Meet Mr. Bones, dig for dinosaurs, explore rainbows of light, and play with the power of magnets. Take a journey through taste buds and smell, become an astronaut in training, and much more!

(preschool experience required)
