

HOW MAD SCIENCE® OF WINDSOR GIVES BACK

The following are some examples of how we may support local organizations, such as yours, which are assisting children and their families in the Windsor-Essex and Chatham-Kent communities.

1) Door Prizes

A door prize might be as simple as a T-shirt to something a little more elaborate like one of our promo bags containing Mad Science® goodies such as a T-shirt, Goody Bag and a sampling of branded product.

2) Program Discounts

All Non Profit Organizations (NPO) and Schools will receive a discount of \$25 off Fun Stations and Special Events. All After School Program (ASP) partner schools receive ASP scholarships, a \$100 off Coupon for a Special Event and our best pricing on workshops. This workshop pricing is extended to NPO if we are doing a workshop for them.

3) Merchandize Booth

We would run our merchandize booth selling Mad Science® branded product at your event. We do not charge you for the booth and we even share a percentage of our profits with you. This percentage would have to be determined on a case-by-case basis but would generally be larger for events with a larger audience and/or anticipated sales.

4) Free Programs

Each year Mad Science® of Windsor budgets a limited number of free programs. Generally these are reserved for our "pet" charities such as Team Diabetes, RCMP Race Against Drugs, Canadian Cancer Society's Relay for Life and the Heart and Stroke Foundation.

5) Mad Science® of Windsor "Gives Back" Program

This program would work on a similar basis as a "Wendy's Night" whereby we partner with charities, organizations and schools. When someone books a Birthday Party and mentions the partner organization's name, we donate a portion of the sale back to that partner organization. There would be no discount offered to the customer but the customer would be aware that Mad Science® of Windsor is giving back to a charity, organization or school that they support. The partnership works best when the partner organization promotes the alliance within their network of supporters via email, newsletter, web site etc., making their supporters aware of this unique means of supporting the organization.
