SPY ACADEMY

Look out 007 – the Mad Science Spy Academy is in session! From decoding messages to metal detectors and night vision, you will have the opportunity to check out spy equipment and even create your own edible message.

Take home your very own 'undercover kit'!

FUNKY FORENSICS

Figure out the science of forensics in this hands-on look at crime scenes. Use our Case Stamper to probe the science of tracking and observe clues from afar with our build-your-own binoculars.

End the day with a game of KHET! Think chess with lasers!
