

Madison Singleton, 6, of Johnston works on a bouncy ball comet project during a Mad Science presentation on Friday at Johnston Public Library.

Andrew Wise, 6, of Urbandale displays the bouncy ball comet he made during the Mad Science program at Johnston Public Library on Friday.

Hannah Schumacher, 6, of Johnston shakes off excess water on the bouncy ball comet she made during a Mad Science presentation at Johnston Public Library on Friday.

Cousins, left, Tony Debartolo, 8, of Johnston and Frankie Accurso, 6, of Johnston take a look at the bouncy ball comet they made during a Mad Science presentation at Johnston Public Library on Friday. The kids watched as the substance went from granules to a hard, bouncy ball when mixed with water.
