

# Halloween Spook-a-rama

Our goal is to provide educational, entertaining and exciting activities that instill a clear understanding of what science is really about and how it affects the world around us. With over 15 years experience we are the experts in spectacular science. We currently offer activities at schools, community centers, and camps in over 140 locations and 15 countries around the world.

These programs are a creative way to bring an educational twist to your Halloween celebrations! Great for school groups, community centers and recreation facilities!
