

# SATURDAYS IN THE LAB!!!

**School is OUT, Mad Science is IN!!!**

**9/11/2010 - 10/2/2010**

**NASA: Journey into Outer Space PI**

\$50 (\$45 if registered before 9/7/2010) • 10am-11am  
AGES 6-12

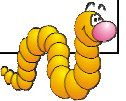

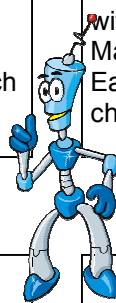

Get ready to blast off as Mad Science and NASA team up and take students on an in depth look at space, planets, stars and MORE!!! Children will step into the shoes of an astronaut and learn why their suits are so special. They will also look at real pictures from outer space as they learn more about our planet and what surrounds us!  
Mad Science classes are fun, interactive and hands-on. Each class will be filled with awesome experiments and each child will get to take home a project in every class!!!

**9/11/2010 - 10/2/2010**

**All About Animals**

\$41 (\$36 if registered before 9/7/2010) • 10am-10:45am  
AGES 3-5

Introduce your child(ren) to the animal kingdom. Learn about buzzing insects, dinosaurs and the human body! Join your child as you help them uncover dinosaur bones, explain how a caterpillar turns into a butterfly and decorate their very own animal mask! Learn awesome science while spending time with your child!!!  
Mad Science classes are fun, interactive and hands-on. Each class will be filled with awesome experiments and each child will get to take home a project in every class!!!

**10/9/2010 - 10/30/2010**

**NASA: Journey into Outer Space PII**

\$50 (\$45 if registered before 10/5/2010) • 10am-11am  
AGES 6-12

The journey can continue for all you space lovers. Discover what else our solar system has to offer and learn about all sorts of space phenomena! Find out what a comet is really made of and watch us make our very own kitchen comet! This session is filled with more take homes and eye-popping experiments. To infinity and beyond!!!  
Mad Science classes are fun, interactive and hands-on. Each class will be filled with awesome experiments and each child will get to take home a project in every class!!!

**10/9/2010 - 10/30/2010**

**Science Wonders**

\$41 (\$36 if registered before 10/5/2010) • 10am-10:45am  
AGES 3-5

Learn FUN science while spending time with your child!!! Both of you will go through a science journey where you will learn all about the wonders of space, music, light and air! Blast off into outer space and help your child collect moon rocks and join them as they discover the different colors of the rainbow.  
Mad Science classes are fun, interactive and hands-on. Each class will be filled with awesome experiments and each child will get to take home a project in every class!!!

**To Register**

Visit our website at [www.madscience.org/houston](http://www.madscience.org/houston), fax this form to 713-663-7664 or call our Lab at 713-663-7623. Registration will be taken until a session is full. A session may be cancelled if minimum number of children is not met. For a school age session to run, a minimum of 12 children is required (20 maximum). For a preschool session to run, a minimum of 10 children is required (15 maximum). If a session cancels, refunds will be issued within 14 days.
