"Where Learning Takes Flight"

Dear Scott,

I wanted to thank you for bringing the Mad Science "Exploration Program" to our school on December 15 & 16, 2006. Our students had so much fun learning with your mad scientists; the age appropriate activities were amazing! Our teachers were so impressed that they all asked if we could make this an every year event.

As a PTA we have brought several programs to our school throughout the years but your program has received, without question, the most positive feedback from our staff and students.

Please feel free to use me as a reference if you should ever need to. I would definitely recommend your program to any school or PTA. Thanks again and keep up the good work.

Thank you,

Shelly Polillo

President
