**Return Payment checks with the registration slip below to
5402 Cobble Stone Ave. 59106. Thank you!**

The Mad Science program encourages children to explore different science concepts in a FUN, exciting, educational, & interactive format. The goal of this program is to spark your child's imagination as they explore different science disciplines through hands-on experiments and exciting demonstrations.

321 Blast Off

June 22-24 for ages 7-12

Yes, you are a rocket scientist!!! Explore all aspects of rocketry. Learn about the concepts of flight, space travel and more. Build, launch and take home several of your own rockets!

This is a 3 day camp meeting daily from 9:00am-12:00pm. Children will need to be picked-up promptly at the conclusion of each day's session.

Air Blast

July 20-22 for ages 4-8

Have a blast learning all about air!!! Explore the concept of air pressure through hands on activities. Make marshmallows grow, cans implode and balloons float into the air.

This is a 3 day camp meeting daily from 9:00am-12:00pm. Children will need to be picked-up promptly at the conclusion of each day's session
