

Mad Science of Mt. Diablo Party Information Sheet

East Bay

Party Themes!

Sublimation Sensation:

Bring out the scientist in your child with this awesome party of sublimating dry ice, bubbling potion Mohawks and melting an "alien head." This party is sure to leave your child bubbling with joy! *Very interactive!* (Ages 4-10)

Electrical Excitement:

Scientists wanted for a party focusing on the amazing properties of electricity and light! Children will encounter indoor lightning, ultraviolet phosphorescence and be dazzled by indoor fireworks! **Must be indoors.** (Ages 7+) Have your guests take home mad science rainbow glasses for \$.50 each

Reactions in Action: Crazy chemistry is what this party is all about! Children will see liquids instantly turn to solids, color changing reactions and feel temperature changes caused by chemical reactions! (Ages 8+)
