

Family Science Nights

Turn your school into a **Mad Laboratory** for night! Families will come in flocks to see exciting, hands-on science experiments!

SPARKING IMAGINATIVE LEARNING

Science Stations

A hands-on scientific discovery!

Magnetic Bridge Challenge –

With concentrated time in magnetic field, see what creative and bizarre spans you can dream up in this popular challenge!

Weird Science – Explore the states of matter and watch in amazement as we demonstrate the extraordinary properties of dry ice!

Mad Science Show!

Spectacular 30-minute show that captivates and educates the students!

Take-Home Booths

Create your own science project

Slippery Science – Discover the ooey-gooey origins of plastics. Make your own batch of slime to take home!

Optical Illusions – Learn how our eyes play tricks on us! Use a camera obscura, uncover the science of holograms and take home a pair of rainbow glasses!

Accommodates
up to 500
students
\$625

What is a "Family Science Night"?

Science Nights provide an amazing opportunity to bring parents, students and teachers together for a night filled with education and entertainment. Mad Science brings fascinating displays and hands-on experiments that allow students to engage in scientific learning

Why choose Mad Science Family Nights over others?

You are **not** responsible for finding volunteers for the evening! We will bring the personality and knowledge of the materials! Our highly trained staff will be onsite to answer questions and get the kids learning! The last thing teachers want to do is stay an extra 3 hours after work to teach more, give everyone a break and allow Mad Science to entertain & educate!

How long is the program?

Science Night is a two-hour program, which includes a 30-minute show followed by 90 minutes to explore all of the Science Stations and Take-home Booths.

Who can attend?

Science Night packages are tailored to fit your needs for any number of students and can be customized to meet your budget.

What do you need?

Our Mad Scientists bring all of the equipment and materials to your school to make the entire event hassle-free. We will only need 5 tables set-up in the Multi-purpose room. We will handle the rest!

Call Mad Science today at 916.779.0390 to book your Science night!
