

Mad Science Camp Authorization Form

Camp Location	Camp #	Dates

Mad Science strives at all times to provide fun and safe science activities for all children participating in our camps. To fulfill this commitment, we ask that all children enrolled adhere to basic behavioral guidelines. Our instructors set clear boundaries and expectations as to appropriate conduct and we will hold all students to these expectations. We ask your cooperation should any parent be notified of discipline problems. It is our intention to provide children with, not deprive them of exciting and fun science. It is only when a child interrupts this positive learning environment that we would take any such action. If necessary, Mad Science may ask that your child be removed from camp. If such a case, any refund would be at the sole discretion of Mad Science.

Mad Science also has expectations of the parents whose children are enrolled in our camps. Only children with a sincere interest in our program and the necessary maturity to handle this environment and these learning activities should participate in our camps. An approved guardian must pick up children promptly at the dismissal of camp. Parents are welcome to observe any class and to participate where appropriate. All parents should support the learning process after camp is dismissed.

There is an element of risk inherent in participating in the scientific process and handling scientific materials and equipment. We at Mad Science of Scottsdale/NE Phoenix take every precaution to ensure the safety of our campers and staff
