SPARKING IMAGINATIVE LEARNING

---

Studies show that Mad Science has a major impact on children's interest in science. Not only does it increase science content knowledge but lowers the number of students with low interest in science and increase the number with high interest in science. Mad Science has 20 years experience with offering fun, hands-on science programs in after-school settings. We spark imaginative learning when school is out. We offer

**MAD SCIENCE Eight week After-school/Lunch time program**

## **SCIENCE CLUB**

These are fun and interactive one hour programs held over the course of eight weeks after school or during lunch time. Parents pay an all-inclusive fee and the school incurs no cost. Mad Science provides all equipment, materials and take-home educational toys that the students explore during the lesson and that demonstrate many of the scientific principles. Children engage in exciting hands-on activities, watch fascinating demonstrations, join in enquiry based discussions, and make amazing take homes. We offer children the chance to experience how cool science is. **Our Fall programs start in October, Winter sessions mid January, and Spring program starts in April.**

---

### **What's included in a Mad Science After-School Science Club**

- **Eight weeks of Fun Science:** One hour a week for eight weeks, after school or lunchtime program. Children engage in exciting hands on activities, watch fascinating demonstrations, join in enquiry based discussions, and make amazing take homes. Mad Science After School Programs offer children a chance to experience how cool Science is.
- **Free School Assembly Kick-off:** Immediately before or during registration, our high-energy, action-packed half hour performances will excite your students about science and inform them of what they can expect should they sign up for Mad Science.
- **Registration Materials:** All registration forms are provided. They are customized for your program, and delivered to your school. Full color posters, FAQ's for parents and students, information for your newsletter and PA informational announcements are also available.
- **Payment Processing:** Mad Science will collect all funds through check, credit card or on-line registration.
- **Scheduling and Rosters:** When you have Mad Science handle the registration, we create all class rosters and provide you with a copy of the roster prior to the first class.
- **Responsibility:** Our instructors arrive in Mad Science lab coats at least 15 minutes before class to set-up their equipment. Every Mad Scientist assumes responsibility for each student in his care until released to an authorized parent or guardian. Our commitment to you is to leave the classroom clean, tidy, and organized.

SPARKING IMAGINATIVE LEARNING

# SCIENCE CLUB

## SCHOOL BOOKING form:

### Starting a Mad Science After-School Science Club is easy...

- 1) Fax this form to Mad Science at **250-483-5816**
- 2) Provide space for your Science Club.
- 3) Schedule your free Mad Science assembly.
- 4) Send the registration forms home with your students – we provide the forms!

### It's that simple!

We can handle all registrations, payment processing and other program details or we work with your established system. Science Clubs are available either after school or at lunch time. We will create and provide the class rosters before the first class so you can let your teachers know which students are participating in the Mad Science After-School Science Club.

**YES!** We want a Science Club at our school! Fall \_\_\_ Winter\_\_\_ Spring \_\_\_

School Name: \_\_\_\_\_ Location: \_\_\_\_\_

Contact Name(s): \_\_\_\_\_ Title: \_\_\_\_\_

E-mail \_\_\_\_\_
