

# MAD SCIENCE

*We bring fun science to you!*

**After School Science Enrichment Programs**

**8 classes**

## Crazy Chem Works

### Slime Time

Ooze into a gooey hour of sliming around! Create slime using the Mad Science recipe and enter the Slime Olympics! Take home your own concoction of Mad Science Slime!

### Dry Ice Capades

Manipulate matter in all of its three states! Melt metal in boiling water and freeze water with just a breath of dry ice! Use your Thermocolor Cup to test the temperature of liquid matter in your home!

### Icky Sticky Stuff

Stick it to the walls and push the power of tape to the limits in this adhesive hour on things that cling! Build a bond with glue and get attached to Professor Beakerdude!

### Chem in a Flash

Hop on board the chemistry express for a high-speed science experience! Perform instantaneous experiments in a fast-paced class on split-second reactions that go like mad! Pick up an Action Flask and have a blast with chemistry at home!

### Lab Works

Use your hands as a real Mad Scientist in this whirlwind class on how a lab works! Learn to manipulate laboratory equipment at your personal lab bench. Take home your very own Graduated Gear to continue your research!

### Junior Reactors

Create a tiny world of atoms with your very own set of Atomic Coins! Learn to recognize chemical reactions. Mix up a few reactive ingredients for some sensational results!

### pH Phactor

Slide down the colorful pH scale and dip into the world of acids and bases! Explore the pH extremes with your Reaction Tube in what is sure-to-be a popping experience! Discover whether liquids found in your home are acids or bases using your personal pH Paper!

### The Glow Show

Discover amazing things that glow bright in the dark and come to light! Probe the properties of light and explore some unusual applications of glow-in-the-dark technology! Use your Blacklight Writer to make secret messages that only you can see!
