

# BE TOBACCO FREE

## Stage Show

The Be Tobacco Free show is an exciting, educational and entertaining approach to helping children make good and healthy choices when considering using tobacco products.

A carefully trained Mad Science Instructor will bring this fun, fact-filled Stage Show *right to you*. In a non-judgmental way, we will present "*the science behind tobacco usage*." Children will even get the opportunity to assist the Mad Science Instructor with parts of the program.

-  Pump Up a Real Healthy Lung! Then observe a diseased cancerous lung and compare the two!
-  Observe the oxygen absorbing capabilities of a healthy vs. a tar-saturated demonstration lung!
-  Learn about the many real toxins in Tobacco Products!
-  Finally, our Mad Scientist will create "Tobacco Slime" and "slime" a special volunteer to demonstrate what happens to healthy cilia when they come into contact with terrible tobacco toxins!

## Hands On Workshop

Be Tobacco Free Workshops illustrate the effects that tobacco use can have on your body through memorable hands-on activities. These workshops are perfect for small groups and provide a more intimate setting for exploration.

-  Watch how much tar the "Mechanical Smoker" collects from just one cigarette and see the unbelievable amount of tar contained in the "one year of tar" jar!
-  Meet "Mr. Gross Mouth," and learn about the yucky mouth problems that smokers have!
-  Discuss the dangers of second hand smoke and discover ways to avoid it!
-  Make your own "Tobacco Slime" to take home! This gross concoction represents the unhealthy mucus inside a smoker's lungs!

**SPECIAL OFFER!**  
Book four Be Tobacco Free Workshops and get \$100 off the regular price of a Be Tobacco Free Stage Show!!!

We can also offer a variety of other stage shows, workshops, after school science clubs, and Family Science Nights for your organization or school. In addition, we can provide birthday parties and fun programs for company parties, camps, libraries, scouts and more! We'll work with you to tailor our events to your needs!
